## MACOM's Portfolio, Collaborations and Experts are Leading the Way to 4K and Beyond at NAB 2017 in Las Vegas

- | *Showcasing Award-Winning Product Portfolio Serving High Data-Rate Video Transport*
- | *Private Demos Including BNC Connector Reference Designs and 12G-SDI Switcher/Router*
- | *Visit Booth #N2924 at NAB in Las Vegas, April 24 - 27*

LOWELL, Mass.--(BUSINESS WIRE)-- [MACOM Technology Solutions Inc.](#) ("MACOM") will showcase a complete portfolio of cable equalizers, cable drivers, reclockers, and crosspoint switches supporting Serial Digital Interface (SDI) at today's 12G rates at [NAB 2017](#). Visit us April 24 - 27 at the Las Vegas Convention Center in the North Hall, Booth #N2924, to view our complete portfolio and see live demonstrations.

Featuring video crosspoint switches and SDI components that optimize data rate, size, performance, and power efficiency of equipment supporting standards outlined by the Society of Motion Picture & Television Engineers (SMPTE), MACOM will be showcasing its award winning product portfolio serving high data-rate video transport, including:

- | 12G-SDI Multi-Cable Solutions System
- | Second Generation 12G-SDI Switcher/Router
- | 12G-SDI Distribution Amplifier

Private Demonstrations include:

- | 12G-SDI Video-over-Optical Fiber
- | BNC Connector Reference Designs

Private demonstrations will be on display by appointment only in MACOM's booth, #N2924. Members of MACOM's product management, engineering and applications teams will be available to answer any inquiries or questions at the show. To preview these technologies and/or schedule a meeting with MACOM at NAB 2017 in Las Vegas, NV, contact your local sales representative or visit [www.macom.com](http://www.macom.com).

NAB 2017 Las Vegas Convention Center Exhibition Hours:

- | Monday, April 24<sup>th</sup> 10:00 AM - 6:00 PM
- | Tuesday, April 25<sup>th</sup> 9:00 AM - 6:00 PM
- | Wednesday, April 26<sup>th</sup> 9:00 AM - 6:00 PM
- | Thursday, April 27<sup>th</sup> 9:00 AM - 2:00 PM

### ABOUT MACOM:

MACOM is a new breed of analog semiconductor company — one that delivers a unique combination of high growth, diversification and high profitability. We are enabling a better-connected and safer world by delivering breakthrough semiconductor technologies for optical, wireless and satellite networks that satisfy society's insatiable demand for information.

Today, MACOM powers the infrastructure that millions of lives and livelihoods depend on every minute to communicate, transact business, travel, stay informed and be entertained. Our technology increases the speed and coverage of the mobile Internet and enables fiber optic networks to carry previously unimaginable volumes of traffic to businesses, homes

and Data Centers.

Keeping us all safe, MACOM technology enables next-generation radars for air traffic control and weather forecasting, as well as mission success on the modern networked battlefield.

MACOM is the partner of choice to the world's leading communications infrastructure and aerospace and defense companies, helping solve their most complex challenges in areas including network capacity, signal coverage, energy efficiency, and field reliability, through its best-in-class team and broad portfolio of RF, microwave, millimeterwave and lightwave semiconductor products.

MACOM is a pillar of the semiconductor industry, thriving for more than 60 years of daring to change the world for the better through bold technological strokes that deliver true competitive advantage to customers and superior value to investors.

Headquartered in Lowell, Massachusetts, MACOM is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. MACOM has design centers and sales offices throughout North America, Europe, Asia and Australia.
