MACOM to Showcase Extended Portfolio of Optical Communications Technology at OFC 2015

LOWELL, Mass.--(BUSINESS WIRE)-- M/A-COM Technology Solutions Inc. ("MACOM"), a leading supplier of high-performance analog RF, microwave and optical semiconductor products, will showcase a complete and robust portfolio of clock and data recovery chipsets (CDRs), transimpedance amplifiers (TIAs), laser drivers and lasers covering 1G to 100G and beyond at OFC 2015 in Los Angeles, California, March 24-26. Leveraging deep domain experience in optical networking along with a combination of semiconductor technologies, MACOM creates innovative and smart solutions supporting datacenter, client access, metro and long-haul applications.

Visit Booth #1947 to meet with experts and learn how MACOM can help solve your unique application design challenges.

MACOM will be showcasing its product portfolio serving optical communications applications for enterprise and telecom infrastructure, including:

- Solutions for datacenter, mobile backhaul, metro and long-haul networks
- FP and DFB Lasers, Laser and Modulator Drivers, TIAs and CDRs for line and client-side systems ranging from 1G to 400G
- The broadest portfolio of laser drivers and TIAs for complete FTTx coverage

Members of MACOM's product management, engineering and applications teams will be available at OFC to answer any inquiries or questions.

Additional Information and Resources:

Optical Fiber Conference 2015: <http://www.ofconference.org/en-us/home/>

Exhibition Hall: Los Angeles Convention Center

Tuesday, March 24th from 10:00am to 5:00pm

Wednesday, March 25th from 10:00am to 5:00pm

Thursday, March 26th from 10:00am to 4:00pm

Demonstrations will be on display by appointment in MACOM's booth, #1947. For more information, please visit our booth at OFC or contact us via www.macom.com.

ABOUT MACOM

M/A-COM Technology Solutions Holdings, Inc. (www.macom.com) is a leading supplier of high-performance analog RF, microwave, millimeterwave and photonic semiconductor products that enable next-generation Internet and modern battlefield applications. Recognized for its broad catalog portfolio of technologies and products, MACOM serves diverse markets, including high speed optical, satellite, radar, wired & wireless networks, automotive, industrial, medical and mobile devices. A pillar of the semiconductor industry, we thrive on more than 60 years of solving our customers' most complex problems, serving as a true partner for applications ranging from RF to Light.

Headquartered in Lowell, Massachusetts, M/A-COM Tech is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. M/A-COM Tech has design centers and sales offices throughout North America, Europe, Asia and Australia.

MACOM, M/A-COM, M/A-COM Technology Solutions, M/A-COM Tech, Partners in RF & Microwave, The First Name in Microwave and related logos are trademarks of MACOM. All other trademarks are the property of their respective owners.
