Dear Valued M/A-COM Technology Solutions Customer:

First and foremost, our thoughts and prayers go out to the people of Japan as they begin to recover from the recent tragic events.

We have completed an initial survey of all our suppliers and subcontractors. The result is that, with the current material inventory on hand at M/A-COM Tech and our suppliers and subcontractors, there are no expected short-term supply chain concerns that would prevent us from continuing to support currently committed shipment dates.

M/A-COM Tech is actively working with each of our supply chain partners who may have material sourced from Japan to see if there will be any long-term impact on materials and finished goods supplied to M/A-COM Tech. We will be providing future updates if there is any impact to product deliveries.

In the meantime, we will continue to extend our prayers and thoughtful wishes for recovery to those people and families who have been impacted by these terrible tragedies.

Best regards,

A handwritten signature in black ink that reads 'Kin Tan'. The signature is written in a cursive, flowing style.

Kin Tan
