MACOM to Showcase Highest Power GaN in Plastic-packaged Power Transistors, Industry Leading Shunt Diode Series and E-Band Power Amplifiers at IEEE MTT International Microwave Symposium 2013

LOWELL, Mass.--(BUSINESS WIRE)-- **M/A-COM Technology Solutions:**

What: M/A-COM Technology Solutions (MACOM) will showcase a broad portfolio of new products for aerospace and defense, wireless backhaul, CATV, and optical communications applications in Booth #930 at the IEEE MTT International Microwave Symposium (IMS) tradeshow in Seattle, Washington, June 4-6, 2013.

Meet engineer-to-engineer to solve your unique application design challenges. Ask MACOM about its:

- Broad catalog of 2000+ reliable standard products
- Highest power GaN in plastic-packaged power transistors
- Industry leading shunt diode series
- E-Band MMIC power amplifier
- Innovative 120W switch module for TDD-LTE base stations
- Lowest power EML driver for 100G applications
- Linear amplifiers for 13/15/18 GHz cellular backhaul

The Future of GaN Presentation

- Hear expert Paul Beasley/MACOM speak about the future of GaN at 1:00 PM on June 4th at the Richardson RFPD Booth #620:

When: June 4-6, 2013; Exhibition Hours:

Tuesday, June 4	9:00 AM — 5:00 PM
Wednesday, June 5	9:00 AM — 6:00 PM
Thursday, June 6	9:00 AM — 3:00 PM

Where: Booth #930, Washington State Convention Center, Seattle, Washington

ABOUT MACOM

M/A-COM Technology Solutions (www.macomtech.com) is a leading supplier of high performance analog semiconductor solutions for use in radio frequency (RF), microwave, and millimeter wave applications. Recognized for its broad portfolio of products, MACOM serves diverse markets, including CATV, wireless infrastructure, optical communications, aerospace and defense, automotive, industrial, medical, and mobile devices. MACOM builds on more than 60 years of experience designing and manufacturing innovative product solutions for customers worldwide.

Headquartered in Lowell, Massachusetts, MACOM is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. MACOM has design centers and sales offices throughout North America, Europe, Asia and Australia

MACOM, M/ A - COM, M/A - COM Technology Solutions, M/A - COM Tech, The First Name in Microwave and related logos are

trademarks of MACOM. All other trademarks are the property of their respective owners.
