MACOM to Show Expanded Portfolio of Products for 100G Applications At OFC 2014

LOWELL, Mass.--(BUSINESS WIRE)-- [M/A-COM Technology Solutions Inc.](http://www.macom.com) ("MACOM"), a leading supplier of high performance RF, microwave, and millimeter wave products, will showcase a complete and robust portfolio of CDRs, TIAs and laser drivers for 100G Applications and beyond at OFC 2014, in San Francisco from March 11-13. Leveraging a combination of semiconductor technologies, MACOM creates innovative and smarter solutions that cover the datacenter, client access, metro and long haul applications.

Visit Stand #2203 to meet with experts to see how MACOM can help solve your unique application design challenges.

Learn more about our:

- Low power 100G chipset solutions for CFP2/4 and QSFP28,
- The latest modulator drivers for coherent applications at 100G and beyond - including the lowest power solutions for Metro CFP and CFP2,
- Low power 10G complete chipset for SFP+/XFP MSA modules,
- Showcasing the latest gen GPON ONU/OLT complete chipset solutions, and
- The next generation of 10GEPON and XGPON1 ONU/OLT chipset solutions.

Members of the product management, engineering and applications teams will be at the show to answer any inquiries or questions.

Show Information:

Exhibition Hall: Moscone Convention Center, San Francisco (South Hall)

Tuesday, March 11, from 10:00 to 17:00

Wednesday, March 12, from 10:00 to 17:00

Thursday, March 13, from 10:00 to 16:00

ABOUT MACOM:

M/A-COM Technology Solutions Holdings, Inc. (www.macom.com) is a leading supplier of high performance analog RF, microwave, and millimeter wave products that enable next-generation Internet and modern battlefield applications. Recognized for its broad catalog portfolio of technologies and products, MACOM serves diverse markets, including high speed optical, satellite, radar, wired & wireless networks, CATV, automotive, industrial, medical, and mobile devices. A pillar of the semiconductor industry, we thrive on more than 60 years of solving our customers' most complex problems, serving as a true partner for applications ranging from RF to Light.

Headquartered in Lowell, Massachusetts, MACOM is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. MACOM has design centers and sales offices throughout North America, Europe, Asia and Australia.

MACOM, M/A-COM, M/A-COM Technology Solutions, M/A-COM Tech, Partners in RF & Microwave, Partners from RF to Light, The First Name in Microwave and related logos are trademarks of MACOM. All other trademarks are the property of their respective owners.
